

## RO2040

With an almost frameless grill of 1 millimetre and a thickness of just under 5 millimetres, this loudspeaker gives short shrift to modern-day standards. The titanium driver with neodymium magnet and patented® suspension allows you to point it in any desired direction. The Intiimi series purifies the signal from the amplifier via an advanced separation filter and a correction filter. The front plate and basket are moulded from one piece which helps reduce resonance. The RO2040 is very compact, but holds its own in every high-end kitchen or cosy living room.

①

②

- ① swivel tweeter in an acoustic shell
- ② manual treble control

### DIMENSIONS

### TECHNICAL SPECIFICATIONS

range	<40m <sup>2</sup>
system	2-way coaxial
