

HYBRID SERIES (2.0)

Acoustic Guitar Soft Cases

The new Hybrid Series 2.0 gig bags from Ultimate Support are designed for the musician on the go. Featuring a water resistant exterior, backpack straps and rubber base for the guitar and keyboard bags, our newest bags are meant to protect your instrument and keep you moving. Stylish texturing and rigid exterior make these some of our best instrument bags yet.

Color Options

Hybrid 2.0 guitar soft cases come in four colors; red, blue, gray and black.

Thick Padding

1" to 2" Inner material provides enhanced protection for your instrument.

Extra Support

Molded guitar rest and removable/adjustable padding supports your guitar. Adjustable padding allows for Hollow-Body Electric Guitars.

Backpack Straps & Handles

Backstraps and a reinforced handle makes it easy to transport your guitar.

Water Resistant Material and Zippers

The material and zippers are water resistant to help keep things dry.

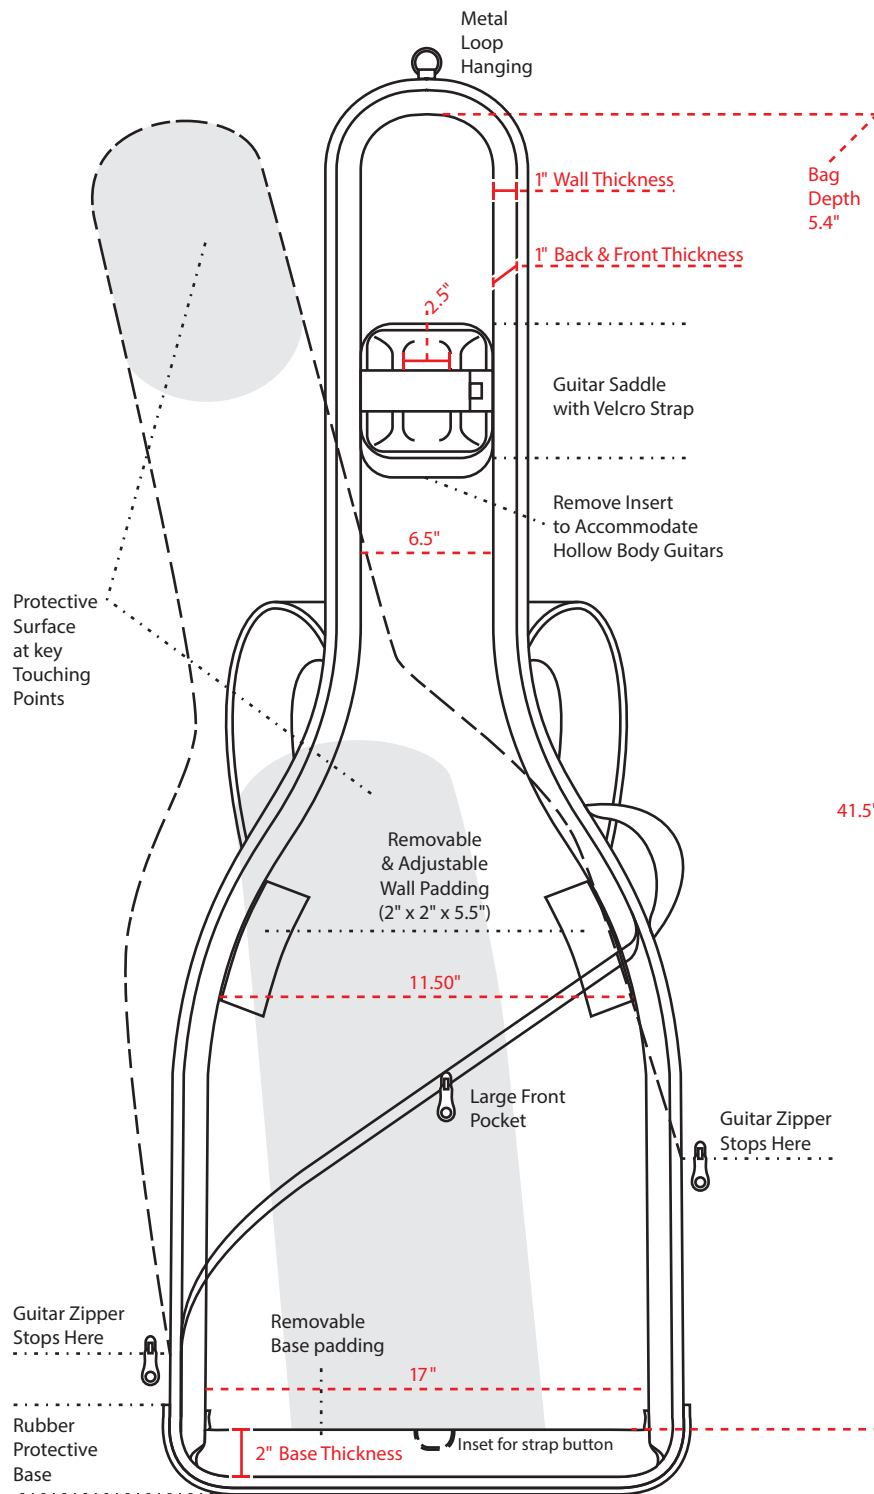

Added Rubber Protective Base

Rubber base along with an extra 2" thick padding protects the bottom of your guitar.
