

Australian Monitor

AMPAV Series

AMPAV30 and AMPAV40

AMPAV30

The Australian Monitor AMPAV30 is a self powered three-way stereo speaker system consisting of one powered and one passive speaker. The speakers are compact, architecturally pleasing and come supplied with adjustable mounting brackets.

Features include an on-board 15 W stereo amplifier, Treble, Bass and Volume controls as well as unbalanced stereo RCA and 3.5 mm TRS jack line inputs.

The AMPAV30 features a 5.25" bass driver, 0.5" dynamic mid-range tweeter and a 1" piezo high frequency tweeter delivering a solid 2 x 15 watts RMS of clear, intelligible power.

The Australian Monitor AMPAV series powered speakers deliver a new standard of high quality sound reinforcement for a variety of audio visual applications. Compact and well designed, they are easy to operate and are set to become the standard in many AV installations. The speakers are available in white (AMPAV30W) and black (AMPAV30B).

AMPAV40

The Australian Monitor AMPAV40 is a self powered three-way stereo speaker system consisting of one powered and one passive speaker. The speakers are compact, architecturally pleasing and come supplied with adjustable mounting brackets.

Features include an on-board 20 W stereo amplifier, Treble, Bass and Volume controls. The AMPAV40 features an unbalanced stereo input together with a full balanced stereo line input. An IR remote control is supplied to access all features including full USB/MP3 playback.

The standby switch allows the system to engage the auto standby function. In auto mode, the speaker enters into standby (sleep) mode if no audio signal is detected for approximately 3 minutes. The speaker will then turn on automatically when it detects an audio signal.

The AMPAV40 features a 5.25" bass driver, 0.5" dynamic mid-range tweeter and a 1" piezo high frequency tweeter delivering a solid 2 x 20 watts RMS of clear, intelligible power.

The Australian Monitor AMPAV series powered speakers deliver a new standard of high quality sound reinforcement for a variety of audio visual applications. Compact and well designed, they are easy to operate and are set to become the standard in many AV installations. The speakers are available in white (AMPAV40W) and black (AMPAV40B).

Specifications

AMPAV30

Description	3 way, 2 x 15 W
Bass Driver	5 1/4" PP Cone
Tweeters	1/2" + 1" Piezo
Impedance	4 Ohms
Inputs	3.5 mm + RCA unbalanced
Human Interface	Knob
Brackets	Side mounting, vertical adjustment
Colour	Black, white
Dimensions (W x D x H)	178 x 240 x 193 mm
Weight (per pair)	5.8 kg
Includes the following per set	Brackets, power cable
