

Rotofast™ Snap-On Anchor

Snap-on Anchors are a secure and fast solution for acoustical panel installation. For ceilings or walls, the Snap On anchor is the answer.

Everything you need to install a panel in **5 EASY STEPS**.

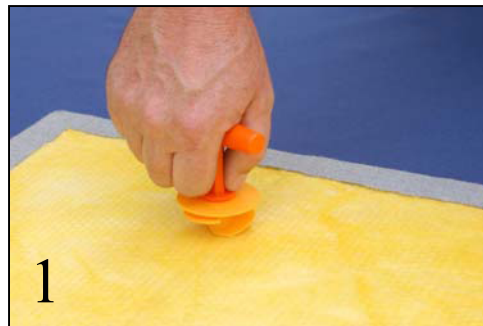

Insert marking plugs into the Snap-On anchors.

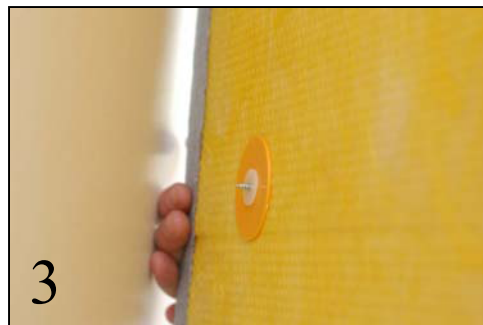

Screw ratchets to wall at marked locations. (#8 screws recommended)

Installation Instructions

Screw Snap-On Anchors into the back of the panel using the driver tool.

Push panel against wall to mark anchor locations.

Firmly push panel onto ratchets to complete installation.
